Letter of Recommendation for

Mrs. Trudy Rilling-Collins

Mosquito Lady Consulting

www.mosquitolady.com

To whom it may concern,

It's my great pleasure to provide this letter of recommendation for Trudy from Mosquito Lady Consulting, who has provided COMO Uma Ubud with her excellent services in controlling and eliminating mosquito breeding in the property.

Her and her team's commitments in controlling and eliminating mosquito breeding in the most sustainable and environmentally friendly approaches have been amazing and exemplary for everyone. They have brought such a positive chemical-free approach toward mosquito controlling compared those conventional ones. COMO Uma Ubud team has learnt a lot from Trudy and we are proud to be part of a wonderful collaboration with Mosquito Lady team. We have been inspired to respect our nature in every aspect of our business.

Mosquito Lady Consulting has surpassed our high expectations and I am very confident to recommend Trudy to any company that needing more smart and sustainable methods in combating mosquitos. Trudy is driven, self-confident, proactively helpful, and has in-depth knowledge in what she is doing, hence she will be very successful in any collaboration in future. Please feel free to contact me at +62 361 972448 or gede.suteja@comohotels.com if you need further information.

Sincerely,

Gede Suteja
General Manager
